---

**17 SUMMARY**

---

**18 SYMBOLS EXPLAINED**

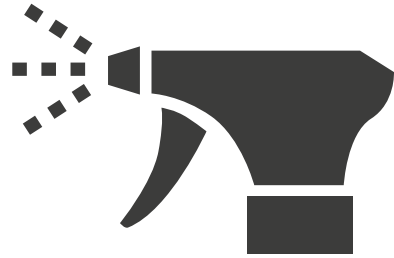

PVA Hygiene is committed to a cleaner planet – both inside and out. Our full range of small pre-dosed soluble sachets are created for all cleaning applications, in space-saving recyclable packaging.

We were the first company to incorporate the concept of water soluble cleaning sachets into the UK market.

The ready-to-use measured dosage system sees a reduction in storage, waste, transport cost and most importantly single use plastics. It is the future for sustainable cleaning.

**SAVE OUR PLANET - SAVE ON COST**, with our environmentally friendly products.

# TRIGGER RANGE

---

**CONTENTS:** 20 sachets  
750ml of cleaning product per sachet

**TOTAL:** 15 litres

---

**THE CONVENIENT TRIGGER SPRAY RANGE IS PERFECT FOR USE IN ALL AREAS.**

Each sachet contains the correct amount of formulation for the cleaning application. Simply place the sachet into the trigger spray bottle with water to get a ready-to-use solution of quality cleaning products.

# Products

## BATHROOM

Formulated to clean all washable surfaces in bathroom / washroom areas. An excellent degreaser and prevents the build-up of limescale. Pleasantly fragranced.

**100% biodegradable.**

## MULTI PURPOSE

A multi purpose cleaner designed to clean, degrease and shine all modern surfaces. Dries rapidly without residue.

**100% biodegradable.**

## DEGREASER

A degreaser with a powerful formulation that is designed to clean / degrease all surfaces including general floors, walls, tiles and all catering surfaces. Requires no rinsing. The formulation has a non-tainting fragrance that can be used in food preparation areas.

**100% biodegradable.**

## CLEANER SANITISER

An excellent cleaner sanitiser for kitchen equipment and all hard surfaces. Can be used on work surfaces, chopping boards, slicing machines and anywhere where all food types are prepared.

**Conforms to EN1276.**

**100% biodegradable.**

## FRAGRANCED CLEANER SANITISER

An excellent cleaner / sanitiser for use on all surfaces. Not suitable for areas where food is prepared.

**Conforms to EN1276.**

**100% biodegradable.**

## GLASS & STAINLESS STEEL

Specially formulated to clean and revitalise all glass and stainless steel surfaces with a refreshing fragrance and smear free finish.

**100% biodegradable.**

## AIR FRESHENER

A refreshing ocean flower fragrance that offers an effective, deodorising air freshener for all areas, eliminating all bad odours.

**100% biodegradable.**

## TOILET CLEANER

A scented sulphamic acid based toilet cleaner and descaler with thixotropic properties that rapidly removes limescale and general soiling from toilets and urinals. Its viscous formula clings to vertical surfaces, allowing longer contact time for more effective cleaning. Suitable for use on stainless steel, porcelain, chrome and ceramic.

**100% biodegradable and phosphate free.**

# Simple to use

**1 sachet per  
750ml trigger  
spray**

**Fill trigger  
spray with  
water (warm  
is better)**

**Drop 1 sachet  
into the  
trigger spray**

**Close the lid  
properly and  
shake to dissolve  
the sachet**

**Ready to use**

# BUCKET / MACHINE RANGE

---

**CONTENTS:** 150 / 100 sachets  
5-10 litres of cleaning product per sachet

**TOTAL:** 750 / 1,000 litres

---

**THE BUCKET / MACHINE RANGE IS IDEAL FOR ALL LARGE SURFACE AREAS.**

Each sachet contains the correct amount of formulation for the cleaning application. Simply place the sachet into the bucket with water to have a ready-to-use solution of quality cleaning products.

# Products

## FLORAL MULTI PURPOSE

An effective cleaner for heavy traffic areas which emulsifies oil, grease and dirt, leaving a stain and smear free finish. The product neutralises odours and provides a fragrance of freshness and cleanliness. Available in 10 litre sachets. **100% biodegradable.**

## NEUTRAL MULTI PURPOSE

Designed for the regular cleaning of polished floors and sensitive surfaces. It cleans effectively without damage to surfaces or affecting the shine on polished floors. It contains a pleasant fragrance that gives a feeling of freshness and cleanliness. Available in 5 litre sachets. **100% biodegradable.**

## AQUA MULTI PURPOSE

An effective cleaner for heavy traffic areas which emulsifies oil, grease and dirt, leaving a stain and smear free finish. The product neutralises odours and provides a fragrance of freshness and cleanliness. Available in 5 and 10 litre sachets. **100% biodegradable.**

## DISINFECTANT

A powerful cleaner disinfectant to be used in all areas including hospitals and nursing homes, with a fresh fragrance. The product contains a QAC which offers an effective broad spectrum disinfectant, neutralising odours at source. Available in 10 litre sachets. **Conforms to EN1276. 100% biodegradable.**

## DEGREASER

A powerful degreaser formulation designed to clean / degrease all surfaces including general floors, walls, tiles and all catering surfaces. The product requires no rinsing. The formulation has a non-tainting fragrance that can be used in food preparation areas. Available in 10 litre sachets. **100% biodegradable.**

## LAUNDRY

A specially formulated powder for use in small industrial and domestic washing machines. The product is suitable for all materials that need washing and will operate across a wide spectrum of temperatures. **100% biodegradable.**

## MANUAL DISHWASH

A specially formulated powder for use in all hand dishwashing. The product leaves crockery and glassware sparkling clean and is not damaging to the environment under normal use. **100% biodegradable.**

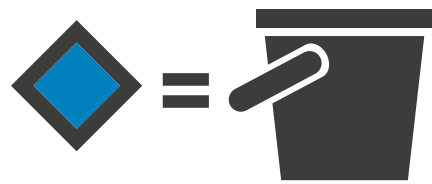

## MACHINE DISHWASH

A specially formulated powder for use in all machine dishwashing. The product leaves crockery and glassware sparkling clean and is not damaging to the environment under normal use. **100% biodegradable.**

## Eco Flower Products

Eco Flower formulations are available upon request. The cleaning solutions are made with ingredients that are registered as environmentally friendly with a reduced impact on the environment, both the ingredients and the method of manufacturing them.

Along with the use of the powder sachets and the cardboard packaging PVA Hygiene has the best possible mix of effective cleaning products that are friendly on the environment.

All other PVA Hygiene products currently do not have the Eco label.

## Re-useable Pouch Range

# SUMMARY

## EFFECTIVE

- One sachet per application / dose

## SAFE

- No exposure to concentrated product
- Easy to transport, less weight than liquids
- No splashing that is associated with liquids

## LOW COST

- Reduced transportation costs
- Chemical costs can be tightly controlled
- Reduces carbon footprint - manufactured in the UK
- Reduces spend due to easier control by supervisors and managers
- Reduces cost due to water being added at the point of application and not manufacture

## REDUCED STORAGE

- Less space required for storage and distribution compared to traditional liquid chemicals
- Re-sealable packaging for easy, effective dispensing

## EFFECTIVE CLEANING / DISINFECTION

- Effective formulations, 100% biodegradable / phosphate free
- Range of products for different application areas
- Cleaner sanitiser / disinfectant conforms to EN 1276

## SUSTAINABLE / PRACTICAL

- Designated / re-useable trigger sprays
- Flexible packaging formats from 20 to 150 sachets in a pack
- No costly dispensing equipment required

## REDUCE WASTE

- No single use plastic
- 100% biodegradable packaging

## COST CONTROL AND TRAINING

- Easy-to-use colour coded cleaning plans
- Easy-to-use dispensing shelf for storage

## HEALTH AND SAFETY

- Up to 95% less weight
- Easy-to-use and mix

## ADDITIONAL POINTS

- Eco flower range available
- Manufactured to ISO 14001 / 9001 standards

## CLEANING PLAN

PRODUCT	DESCRIPTION	APPLICATION	AREA OF USE	METHOD	HEALTH & SAFETY
	<b>Eco Clean</b> A powerful general purpose cleaning product that is safe for use on all surfaces.		Walls and ceilings	Add to water and spray on surfaces.	Wear gloves to avoid skin irritation.
